

Why Q-Bite?

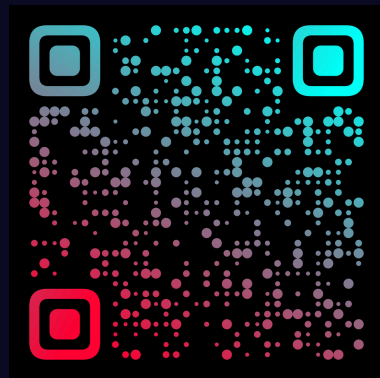

Most restaurants are facing:

- Rising food costs
- Marketplace commissions
- Expensive advertising
- Declining margins

Q-Bite helps restaurants take back control by creating:

- An owned audience
- A direct ordering channel
- A repeat customer engine

Q-Bite is part of the cirQQles platform — the AI-powered growth and engagement platform focused on helping businesses own their audience, increase repeat business, and generate predictable revenue.

Q-Bite

Direct Restaurant Ordering. Zero Middlemen.

Restaurants shouldn't lose 20-30% on orders just to reach their own customers.

Cost Component	Typical Range
Delivery partner	15%–30% of the order
Pickup commission	~6%–15%
Payment processing	~2%–3%
Sponsored/promoted listings	Additional paid marketing
Packaging costs	Usually absorbed by restaurant
Refunds/errors/chargebacks	Often partially absorbed by restaurant
